A MESSAGE FROM
Chief Henry Lewis

Onion Lake Cree Nation is a proud community with a population of over 6,000 members, located about 25 minutes north of Lloydminster. In February 2021, we acquired our own herd of bison which will help show younger generations our traditional teachings and the importance of bison returning to the land. I would like to extend an invitation to you to attend some of our popular events in the future.

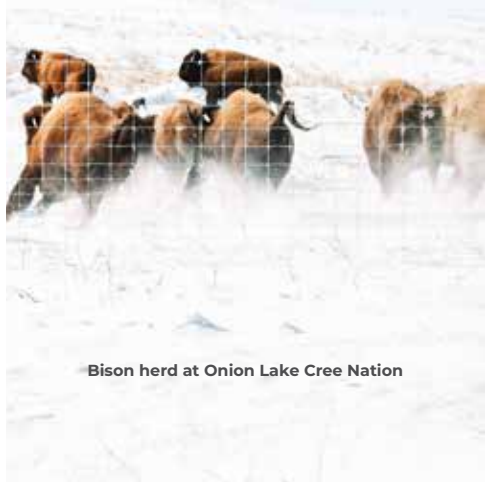

July Long Weekend, we host our Sports Days where you can see athletes compete in the Indian Relays, enjoy hand games, and chuckwagon races. The third week of July, our annual Powwow welcomes dance competitors from all over Turtle Island. The Powwow is a great place to come and learn about our culture and support local vendors who sell beadwork, clothing, blankets, and more.

Sincerely,
Chief Henry Lewis

HISTORY, INDUSTRY, AND CULTURE

City Hall Lloydminster

An Economic Powerhouse

Lloydminster has long been recognized as an economic powerhouse with strong ties to both the petroleum and agricultural sectors, and more. Did you know Lloydminster is one of the most entrepreneurial communities among mid-sized cities in Canada? So, what makes Lloydminster such a great place to start a business (other than lower business taxes and PST exemption) you might ask? Location. Location. Location.

Conveniently located between Edmonton and Saskatoon, Lloydminster has a trade area of approximately 130,000 to 150,000 people and is a regional service hub with a workforce of 70,000 within an hour's drive. Additionally, Lloydminster is well connected as it's located on the Trans Canada Highway intersecting with Highway 17. This is particularly important for businesses shipping and receiving goods. Oh, and the Lloydminster Airport is capable of landing a Boeing 737-200 and in 2018, Lloydminster welcomed WestJet as a regular service provider. Lloydminster is one of only five communities in Alberta with access to both Canadian National (CN) and Canadian Pacific (CP) Rail. So, when we say we're in a great location to do business, we mean it!

Lloydminster Area

The Heavy Oil Capital

Lloydminster holds a place of economic distinction as the 'Heavy Oil Capital of the World.' Heavy oil production has been an economic driver of the Lloydminster region for decades. Two significant facilities in the Lloydminster region include the Cenovus Energy Oil Refinery, located in the City of Lloydminster, and the Cenovus Energy Heavy Oil Upgrader, located in the neighbouring Rural Municipality of Wilton. The majority of Cenovus Energy heavy oil assets are located in the Lloydminster region of Alberta and Saskatchewan, where it holds approximately two million litres.

Lloydminster Upgrader

Deep Roots in Agriculture

Since the pioneer days, the agriculture industry has been a cornerstone of the region's economy. Wheat, barley, and canola typically account for more than 30 per cent of the total acreage sown in the Lloydminster area. Home to one of Canada's largest canola crushing facilities and Canada's largest bio-diesel plant, Lloydminster has long been a manufacturing and value-added destination for agriculture and oil industries.

Comfort and Hospitality

Products and services are easily accessible, often within a seven-minute drive. With over 1,400 hotel and motel rooms and a wide range of facilities and parks, Lloydminster is also recognized as an event and meeting destination. In recent years, Lloydminster welcomed popular franchises including Best Buy, Home Depot, HomeSense, Old Navy and Rona; to name a few. These retailers conduct extensive due diligence and their research shows Lloydminster is a community on the move, providing excellent long-term potential.

The Great Fire

Many may not realize that our great city is actually older than both Alberta and Saskatchewan provinces. Founded in 1903, Lloydminster was a part of the North West Territories. It wasn't until two years later in 1905 that the provinces were formed and coincidentally split Lloydminster right in two, resulting in the town of Lloydminster, Alberta, and the village of Lloydminster, Saskatchewan!

The Great Fire in 1929 nearly destroyed both communities, which led to the two communities coming together to rise from the ashes. On May 20, 1930, Lloydminster officially became one city in two provinces (the only one in all of Canada to do so).

Sweetgrass Powwow

Indigenous History

Today, Lloydminster is in the heart of Treaty 6 territory that spans across Alberta, touching the British Columbia border, and across Saskatchewan, nearly touching the Manitoba border.

This land is full of a rich and dark history, and although severely threatened (and in some cases, extinguished by colonial forces) Indigenous culture, language, and ways of living continue to expand and thrive despite extreme adversity.

Locally, the land upon which Lloydminster and surrounding settlements now exists is alive with stories. So, whether you're a history buff, or you're wanting to pay homage to the land and its peoples, there's a lot to discover here.

The Frog Lake Massacre April 2, 1885

Chief Big Bear is important in the region's Indigenous history. He was the last Plains Cree Chief to sign a treaty with Ottawa. He did not want to have his people moved to a reservation and argued for a better deal. Ultimately the Government took a hard line with Big Bear's band, cutting off their food supplies to force them to settle into a treaty. By spring 1885, tensions were running high, and young Cree men attacked officials, clergy, and settlers in the settlement of Frog Lake, killing 9 people. 80 KM north of Lloydminster rests a National Historic Site for those wishing to learn more.

The Battle of Frenchman's Butte May 28, 1885

Take a short drive to Frenchman's Butte National Historic Site and learn about the battle that took place between the Alberta Field Force and Big Bear's band.

When the Alberta Field Force arrived, they realized there was no practical way around the Cree positions. So, they fired at each other from long range for hours before both sides retreated. Ultimately, the Alberta Field Force dug in at the top of a steep hill. These pits were protective shells during the fight and are still preserved, today.

Despite the hardship, these legacies don't end here. The Truth and Reconciliation Commission of Canada: Calls to Action provide a path for government, Indigenous and non-Indigenous communities to create a joint vision of reconciliation. All play a part in the next chapters of this story.

Did You Know?

An entire people's history cannot be summed up in one-page of this guide. Visit ualberta.ca for a free course on Indigenous Canada through the University of Alberta.

A Cree word pronounced ta-WOW
meaning "there is room, you are welcome."

Powwow Etiquette

Everyone is welcome to attend! For first-timers, here are a few quick tips on how to fully experience a Powwow respectfully.

Be On Time

Start times vary for each event, but make sure you're not running late.

Listen to the Master of Ceremonies

The Emcee will let you know who's performing next and provide you with context about each performance including cultural significance and meaning.

Be Respectful

Whether it's during the opening prayer, a performance, or when trying new food, be mindful that many of these experiences are considered sacred and need to be respected as such.

Respect the Opening Prayer

The Grand Entry and the Opening Prayer signal the beginning of the Powwow. The Opening Prayer is always performed by an Elder, and the drum takes centre stage as the most important part.

Ask Before Taking Photos

Be sure to ask permission before taking a photo as some parts of the ceremony are sacred and private. Additionally, some performers may not wish to have their image captured.

Ask Questions

Powwows are spiritual experiences for those performing. If you don't fully understand what's going on, that's ok - just ask respectfully.

Bring Tobacco

Offering tobacco to an Elder or dancer is a sign of tremendous respect in the Indigenous community. It can be offered to them when you ask them to share their knowledge.

Shop & Explore

There are often vendors and artisans present where you can purchase something to commemorate your experience!

Downtown Highlights

Lloydminster Heritage Building

Affectionately known as The Clock Tower, this historic site was constructed in 1931 and was designated as a Municipal Heritage Property via bylaw in the early 1980s. The clock still works today, and is an unmissable feature as part of the downtown landscape.

Tree-Lined Streets

Within a few city blocks you'll enjoy photo-worthy views, hear birdsong, and immerse yourself in the beauty of nature right in the proverbial heart of the downtown core.

Art Abounds

Bring your phone to snap some selfies (tag **@DiscoverLloydminster**), celebrate each artist's style, and enjoy an afternoon of creative inspiration, as you explore the streets of downtown by foot.

Best of Boutiques

Specialized shopping is yours to discover in Downtown Lloydminster with a variety of men's and women's fashion, home décor and furniture, toys, and specialty items. Be sure to check out the thrift stores while you're out and about; there's always a treasure or two to be unearthed.

Enjoy the Tastes

Indulge in the unique tastes of downtown at East Market Noodle House (Vietnamese), Cusina Grill Express (Filipino), The Spice Hut (East Indian) and more. Enjoy a cocktail at Central Inns & Suites before your meal or as a night cap.

Hello Hollywood

The latest from the silver screen can be viewed in comfort at May Cinema 6. Pre-order your tickets and seats online, pick up some salty and sweet snacks from their concession, and kick back in comfort as you immerse yourself in the latest Hollywood flicks.

Park and Explore

Lloydminster's downtown core offers free parking, every day of the week, on a two-hour basis. So rip your ride to a bustling side street, park, and explore on foot.

The downtown is in the midsts of a revitalization. Construction on 50 St (between 50 and 49 Ave) is set to begin this spring. Many of the businesses will be utilizing their back alley entrances. Follow **@DowntownLloydminster** to stay up to date.

Trip Around the World

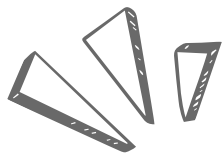

Take a trip around the world, locally. Have a taste of Vietnam in every bite at East Market Noodle House, stop by Cedar Kabob to try their Lebanese shawarma, drop in at Bamboo Sushi and taste the freshest Asian dishes you can find on the Prairies, or check out Spice Hut Indian Cuisine in the heart of Downtown for a warm bowl of butter chicken.

That Weekend Hockey Tournament

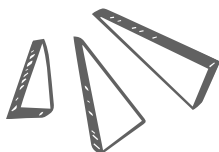

Looking for great eats for your family while you spend time at the rink? There are many delicious options to choose from! Across the street from Servus Sports Centre you'll discover delicious Crab Rangoon from The Diner. If you're at Russ Robertson Arena, swing to nearby Timber Café (located in Home Hardware Building Centre) for a delicious latte to keep you warm. Finally, fuel your athlete with hot chicken wings from Wing N' It, located at the Econo Lodge, just a short drive from the Centennial Civic Centre.

It's Date Night

Getting around Lloydminster is easy, so your next romantic evening together could include a stop for a different course at a few of Lloydminster's finest. Start with an appetizer and cocktails at Three Trees Tap + Kitchen before heading to Spiro's Restaurant for your entrée — they specialize in delectable Greek Dishes. Afterwards, grab a pint at 4th Meridian Brewing Company. Then grab something sweet at Dobbin's Candy Store for the ride home.

Special for Summer

Some treats are so delicious you must wait all winter to get them! Starting in late spring, head to the Outdoor Pool where you'll find summer's favourite treat – ice cream, at The Scoop. Speaking of, as the snow melts it's the perfect time for a drive out to St. Walburg. Here, you'll discover Route 26 Coffee House. Duck in and stay a while as you enjoy a freshly baked pastry and savour a delicious cozy drink. Don't forget to save the date for Victoria Day! That's when the Lloydminster Outdoor Farmer's Market opens each year. Summer also tends to bring oodles of food trucks back to our Border City with new ones added each year. Be sure to follow us on Facebook and Instagram to stay up to date!

Road Trip for Foodies

Looking for a fun weekend adventure? Head to Vermilion, AB, to try spirits at Copper Cork Distillery before indulging in a delicious array of baked goods and your favourite specialty coffee at The Red Brick. Drive south along the provincial border to Marsden, SK, where you can find the famous Prairie Diner, a local favourite. Next, head north to Paradise Hill to enjoy a treat from The Corner at Paradise & Main, or continue driving until you hit St. Walburg, where you'll find another delectable menu at the Farm House Inn. Do you love pizza? The drive out to Maidstone is worth it for delicious slices being served up at Lou's & Sue's Pizza and Grill.

Faster but not Fast Food

Looking for something tasty with a quick turnaround? Look no further! With many fast and easy options, you can skip your usual dish and try something new! Lloydminster's favourite sandwich shop, Tasty K's has the best donairs, while Rice Craving features drool-worthy Filipino dishes on the go. You can also find lots of familiar favourites like Chopped Leaf, Subway, Opa! of Greece, Quesada Burritos & Tacos, Freshii and more.

Longtime Local Faves

If a restaurant has been open for more than 20 years, it has to have great food, right? Check out some local restaurants that have been serving Lloydminster folk for decades — like Spiro's Restaurant, which celebrated 50 years of business in 2020 — or Maggie Mae's, which found a new location and continues to serve up delicious homemade cooking. We also encourage you to check out other long-term restaurants like Cheers, Mr. Bill's, and the Exhibition Grill at the Lloydminster Exhibition Association, to name a few.

Foodie Events

Do you love attending events? Do you love food? Lloydminster and surrounding region have you covered. In May, the Lloydminster Bobcats Junior 'A' Hockey team will host Flavor Festival, an interactive experience focused on food and beverage.

Every August, you can count on Lakeland College to host an incredible dinner honouring Alberta Farm Days, so be sure to save the date for Feast on the Farm in Vermilion. Drive out to St. Walburg for their annual Wild Blueberry Festival, which is typically hosted the fourth Saturday of August. Keep an eye out for the date of Harvest FEASTival each fall at the Lloydminster Exhibition Association. This food-focused event features unique dishes made with locally grown and produced ingredients.

Lloydminster Public Library

Mount Joy Ski Resort

Welcome Home!

Are you thinking of calling Lloydminster home? For many of us who have made the jump, whether it was for work, school sports, or simply to live in a city with lots to do and only a 10-minute drive to the office each morning, we can tell you one thing - you're going to love it here.

With the average age of our citizens being around 33 years old, there's tons of great activities focused around families with young children, like Midwest Family Connections, youth sports, musical theatre and dance, and exceptional school programs too. And Lloyd is a great place for entrepreneurs to thrive! Learn more about our industry on page 16 of this guide.

If you're looking to break the ice and make some new friends while putting down roots, our residents have agreed that community involvement is the easiest way in. So find your passion, and volunteer or join a club. There's so many great things to do in the Border City!

Spread Joy at Mount Joy

Winter months are filled with snow and sunshine at Mount Joy. A quick drive south west of town, this local hot spot is run solely by volunteers in our community. Each year, they strive to give our community a fantastic downhill experience and are always looking for a little extra help in 'shredding' joy! Interested? Reach out to them via social media.

Did You Know?

The City of Lloydminster hosts community registration nights twice a year. Learn about the wide variety of classes, programs, lessons and resources available for all ages from pre-school to older adults. Visit Lloydminster.ca for more information.

Fun Fore All

SO MUCH HISTORY!

SUN SUMMER & SAND

Is there anything more quintessential prairie summer than a long day spent at the lake? Luckily, Lloydminster and surrounding areas are full of lovely lakes and beaches that are yours to discover.

Brightsand Lake

Turtle Lake

A popular recreational site, Turtle Lake is home to over 1,500 cabins in 14 unique lakeside communities. Located just over an hour east of Lloydminster, you'll discover a whole new world. Legend has it the Turtle Lake Monster inhabits the waters, so keep your eyes peeled while you're boating, swimming, fishing, or paddleboarding — you just may catch a glimpse! If you prefer to adventure on dry land, Turtle Lake Nature Sanctuary is yours to enjoy on over 112 acres of self-guided trail system. Here guests can walk, bike, hike, and jog, while taking in local flora and fauna including beavers, birds, frogs, coyotes, moose, deer, foxes, and even bears. Of course, no visit to the area is complete without a visit to the famous Turtle Grove where you'll find a restaurant, petting zoo and often a market or two.

Gateway to the Lakes

Highway 17 north leads you to Highway 3 east, guiding you to a gorgeous gathering of nature known as Makwa Lake Provincial Park. Adventure seekers will discover a grouping of five lakes – Makwa Lake, Jumbo Lake (Jumbo and Little Jumbo), - with nearby Makwa Sahgaiehcan First Nation. While visiting the area, you'll want to make like the locals and listen for the loon. Their beautiful song is something you simply must experience. Nearby bodies of water include Brightsand Lake, Ministikwan Lake, Peck Lake, Little Fishing Lake, and Bronson Lake, so there's no shortage of stunning scenery for your summer adventures.

Sandy Beach

Sandy Beach Regional Park

Drive just moments north and you'll hit Sandy Beach Regional Park, the closest lake within driving distance of Lloydminster. Here, you'll enjoy stunning scenery, a gorgeous golf course, campgrounds, and — you guessed it — a big, sandy beach! Plan your trip around summertime long weekends and you may be lucky enough to take in their Sandy Beach Market. Here, you'll see locally made wares crafted by artisans from the area. A kids' zone, live music, and tasty food round out an experience that can only be summed up as classic summer.

South Bound Lakes Ahead

The southern route will take you to Dillberry Lake Provincial Park, located just moments outside the town of Macklin, Saskatchewan. At Dillberry, watery sports are yours to enjoy as you fish, swim, boat, and paddleboard. The expansive, almost crystal white beaches feature particularly soft sand perfect for sandcastle building. For the land rover, try a hike, walk, or mountain bike through their many winding pathways... just watch for snakes! Although these creatures are harmless around these parts, this terrain is almost desert-like in some areas.

Rolling Green Fairways

As you trek a bit further south, you'll see Macklin Lake Regional Park. Their beautiful golf course is perfectly suited for a nice round or two before you make your way waterside for a cool, refreshing dip or a warming fire and tasty s'mores. Within the southern part of the region you'll also discover Manitou Lake, a salt-water lake located in the RM of Manitou Lake No. 422. That's right — a saltwater lake in the prairies! Who needs an ocean view?

Loon Lake Campground

Discover Rock Island

The Resort Village of Cochin is nestled between Murray and Jackfish Lakes on Highway 4 North. Its location stimulates the senses through the restful beauty of trees, prairie, hills, song birds, pelicans, crying loons, and paddling ducks. Visit the Cochin Lighthouse overlooking Jackfish Lake. This unique landmark is beloved by locals and tourists alike. A quiet creek connects the two lakes making for a nature lover's paradise. Jackfish Lake was formed by a glacier that left behind "rock island" just off the coast of Martinson's Beach. It is here that you can find an area of the lake covered with birds in the summer and teeming with fish year round.

Silver Lake Regional Park

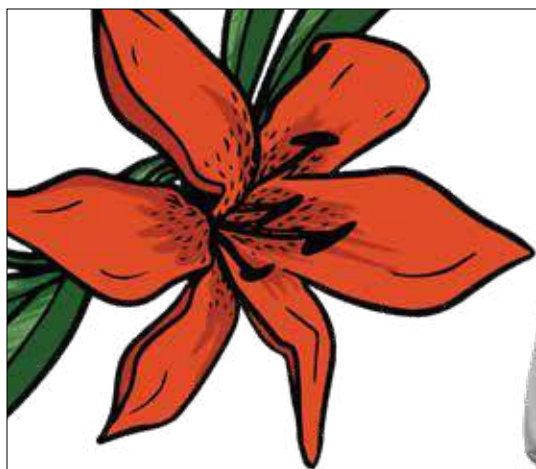

The Park consists of 260 acres of land with a lake known as Silver Lake. Located east of Lloydminster, you will find a very well maintained, challenging nine hole grass greens golf course, a walking trail with a bird sanctuary tower and a variety of campsites to accommodate your needs. Picnic sites with fire pits are available for day outings or class field trips and firewood is available. In addition to the 128 campsites there are two large family areas, both with a shelter. These sites are great for weddings, reunions and anniversaries. The pro-shop and concession has everything you need to make your stay special. The clubhouse is licensed and offers a full menu complete with snacks and treats. Complete a relaxing hot summer day on the clubhouse deck overlooking the ninth green, and settle into a slice of heaven.

At one time the First Nations people, fur traders, adventurers, and missionaries used the trail between the two lakes as a shortcut to the north. The historic Cochin-Green Lake Trail is located 4.5 kms south of Cochin and stretches 150 kms north to the Hudson Bay post at Green Lake. While serving as a travel route for the fur trade industry, it also connected the Cochin Mission to First Nation settlements at Birch Lake and Chitek Lake. The North West Mounted Police patrolled the trail

extensively during the North-West Resistance and in 1885, the Trail was crossed by troops pursuing Big Bear.

Immediately to the north of Cochin are Saulteaux and Moosomin First Nations. Cochin is also surrounded by many family farms and is only a five minute drive from the Battleford's Provincial Park.
